MEMBERSHIP FORM

Friends Of Nepal Inc is a not-for-profit organisation that was established in 1999 and Incorporated in 2005, to raise money to assist various projects in Nepal, and to establish links with Nepali people living in Perth.

Committee members are volunteers, who dedicate their time out of a love for Nepal and its people. We thank you for your support, which will help us to fund those less fortunate than ourselves.

The **Friends of Nepal Inc** is a small independent group working towards helping disadvantaged people in Nepal.

Through our fund raising efforts and with the support of our members, we are able, in our own small way, to make a real difference to people less fortunate than ourselves.

Our beneficiaries in Nepal include Kanti Children Hospital, projects through Takshindu Social Welfare (TSW) and Malika Development Organisation (MDO), and other small projects making difference for children in Nepal.

We organise fund-raising events every year to raise funds that will support our beneficiaries in

Nepal. 100 percent of the funds raised goes to our projects in Nepal. We generally try to organise three to four events a year. Movie event is one of the most popular events and so is the cultural nite in October. All the members and friends of FON Inc. are volunteers who give their heart and soul in helping this small organisation so that we can make a difference to people back in Nepal.

Friends of Nepal supports grass-root level projects in Nepal. Since we are a small organisation, we look for projects that can make a huge impact by spending relatively small amount of funding that we have been able to collect through our annual movie events and cultural nights. As we grow bigger we will be targeting towards projects that will require us to spend a bit more but still nourish the grass-root level community in Nepal, especially disadvantaged children who have much less than what we take for granted in our daily lives.

Friends of Nepal Inc has also committed to provide a small discretionary fund for the nurses to source on behalf of needy patients.

Friends of Nepal Inc is always eager to hear from anyone who would like to support our committee or help us with ideas on fundraising. If you would like to support us please complete the attached membership form and return it to the address as shown.
